Postponement of the community forum set for 5th August

We recently invited you to the above event. We also invited Federal and State parliamentarians as well as Gosford and Wyong councillors.

However, two days ago, Gosford Council contacted us to point out that they had organised a similar event for the previous evening, the 4th August, and were just about to send out invitations. It was a simple case of the unfortunate coincidence of two groups, sharing the same enthusiasm but bumping into each other in their keen-ness to reach the same goal.

After a meeting with the Council's organiser we have offered to postpone our event until Thursday 16th September

The positive result from this will be the provision of a second, more grass roots indication to government that the Gosford region is in earnest about securing our Concert Hall and Conservatorium. Another positive consequence will be a stronger alliance with a Gosford Council appreciative of our gesture. This gratitude has already been frankly expressed. Members of your executive will be attending this Council function.

So disregard the date on your original invitation and RSVP for the new date.

RSVP Friday 10th September to 43843175

John Holt Hon. Secretary
